THE ASSOCIATED STUDENTS OF MONTANA STATE UNIVERSITY AT MISSOULA, MONTANA PRESENT:

JACK UPSHAW......Editor

ALEX GEORGE...Business Manager

Introducing Montana State University and a year within the confines of this campus—It was a year of probing pressures and transition.

An influx of new students once again changed the complexion and personality of the University face. The life of the typical college student changed, but it was still focused on the same traditional aspects of University life. There are so many unique experiences that our time here became a happy refuge from a restless world until that fateful day in June when we got out from the University to make our way in the world. It is this life that we have attempted to depict on the following pages. There is so much to tell that cannot be put down on the written page—the feeling of excitement when we sit in a cheering crowd, the hollowness in the pit of the stomach as the instructor hands back test papers, the joy of the letters from home, the pleasure of taking the right partner to the big function,—
and so many more. Add these emotional depths to the story told herein and you have a picture of MSU.

RETIRING FACULTY

MRS. WILLIE SPAULDING

There are many who can attest to Mrs. Spaulding's
long service to Montana State University.

Entering as a student in 1907 and later as the wife of
a former professor and dean of this institution,
she long has been associated with campus life and
activity. At her retirement, Mrs. Spaulding held
the position of assistant head resident of Turner Hall.

JOSEPH WHITNEY HOWARD

It must be noted that at the time of retirement, Dr. Howard's

44 years of service at MSU make him the oldest faculty member in

point of service. He was a charter member of the

Montana Section of the American Chemical Society. Other activities included Interscholastic general chairman (1942-54), and noted work on new synthetic organic compounds.

COMPENDIUM

"Life is a clash of wills," said Dr. John MacMurray. fall quarter visiting professor of moral philosophy Clashes on the campus and elsewhere seemed to bear him out. They produced heat, less light and sometimes even odor such as the row that developed over the stend of a new pulp mill spread over MSU and Missoula. In other clashes, the Kams & Dregs pulled a shenanigan which provoked the administration into forcing official organization on the group. Some clashes were less conclusive in result: THE KAIMIN brandished editorial fists at ASMSU President Larry Pettit about his high-handed methods, at the Athletic Department for its use of students funds, and at the Health Center for its dispensing of aspirin as a cure-all. For its news reporting of the McFarland issue, THE KAIMIN was given first prize i national competition. Alumnus Ken Neils kept up the McFarland issue with a "report" on "dissidents" who dominate the University. Montana Forum discussed changing the name of the University-a move which was not connected with the Neils report or the Grizzly's gridiron performance. Homecoming had its queen (Sherrie Shaurette, at left) and an advanced guard of spray-painting Bobcats had haircuts, "I" shaped.

The Berlin crisis, DeGaulle's election, Russian moon
shots kept things lively on the international scene.

Campus polities included mock elections, an organization of independents and a speech by Senator Mike Mansfield. But whether the talk was about revolution in Cuba or the prospects of selling near-beer in "The Room", it swung inevitably to this question:

who will be the new president of MSI'?

COMPENDIUM

While winter quarter registration climbed to its highest peak
since World War II, speculation about the new MSt
president continued—as did Castro and his revolution
in Cuba. Local squabbles over social standards included
the Phi Delt probation for a keg party, the past suspension of a
woman student for a wild party, resignation of Clint Grimes.

Judicial Council chairman, and others of the
council because of a "Medieval moral code," and a flare-up
between students and administration over crap games in Craig Hall.

The Foresters gave their annual ball and Big Bertha was stolen away. While one MSU professor attempted to describe the ideal president, and another talked of MSU progress, a freshman from Big Timber charged some members of the English department with teaching "atheism and pornography". Neils issued another "report". The basketball team played a hit and miss season but swimmers swam swiftly and gave promise of breaking still more records. The State Board of Education approved a fee raise for out-of-state students and a doctoral program in Geology. Hawaii seemed headed for statehood; then on March 10 all local news was climaxed by the appointment of Dr. Harry K. Newburn as president of MSU.

The new TV Studio was enemed for public that classes spring quarter

Even with a new president appointed and prospects for milder weather, spring quarter had its share of action. A controversial fee increase was the hottest issue on the campus. The increase, backed by THE KAIMIN and the ASMSU won approval from the State Board of Education in spite of an appeal by a drong opposition. The flu bug reduced enrollment in classes and the National Guard, with many MSU students, helped quell a serious riot in the state prison at Deer Lodge.

National newscaster Chet Huntley spoke at the Dean Stone Night of the School of Journalism.

Dr. Harry K. Newburn, the newly maned president, was introduced to the campus and the press by Vice President Robert Pantzer.

The second secon

More mildly appropriate activities seemed to be the order of advancing spring when more than 1300 high school students descended upon the University for the 53rd annual Interscholastic competition in athletics, speech and drama. The Anaconda Company made headlines in national newspapers by selling their own Montana newspapers. With this the University slipped more or less gracefully into the time-honored ceremony of graduation and the warmth of summer.

THE NEWSMAKERS

SENATOR MIKE MANSFIELD

These are the names that provided the campus with its big news stories. Editor Ted Hulbert of the Montana Kaimin gave the campus introspective into vital issues through thought provoking editorials and front page campaigns. Senator Mike Mansfield brought the national scene to MSU as he addressed the students and answered their questions. The tee increase for athletics struggle was led by the head of the athletic department, "Jiggs"

Student Body President Larry Pettit was in the news constantly as important questions arose within the structure of student government.

During spring quarter, the State Board of Education named Dr. Harry K. The 1958-59 theater season at MSU was not lacking in comedy, drama, or originality.

The Summer Theater had been brought into being and sell out crowds proved the value of such a program.

The one-act play contest saw another year of production. The Awards Banquet once again added a thrill of achievement to Masquer life. 'The tour around Montana with "Man and Superman" was the longest undertaken.

UNIVERSITY THEATER

The tour proved to be too much theater for patrons across the state. Shaw and the Masquers worked well together, but few customers preferred this to other shows. It was highly stylized and full of intricate movements. Like cut-out figures the characters glided across the stage with expert preciseness while snipping at each other with comic vanity and philosophical everythings.

RECITALS

The Music School presents several recitals each week during the school year, most of them free to the public and students. Each music major must give a recital to fulfill part of his requirements, and most of the faculty give one or two major recitals each year. The Music School also sponsors a "Little Series" of serious artists during the year. The orchestra, choral groups, band, symphonette, string quartets all add to the busy concert going of the students,

AWS

The Associated Women Students is a cooperative government which

provides the campus coeds with self-imposed supervision. Rules and
regulations regarding dormitory hours, extracurricular activities, and social
life are made by this bady under the supervision

of the administration. The delegates come from all women's living groups and
the officers are chosen in general elections. Infractions of the
rules usually lead to what is known as a "campus". Socially, AWS sponsors
such events as a style show, the Winter Weekend, and the
Big and Little Sister Tea.

The Rom in action! Stan Renning brings down a Utah State hall carrier for a three-yard loss in the Grizzly-Aggie Home-coming game in Missoula

STAN THE RAM -- GREATEST GRIZZLY IN HISTORY

- says BOB GILLULY

STAN BENNING

Well, at least the best Grizzly lineman since John Christian Bentz
won All-America honors for the Silvertips way back in 1917—that's
the unanimous opinion of Renning offered by several veteran
MSU observers.

Stan won a total of nine different All-American honors during his career. In the fall of 1958, he won an

Associated Press third team selection, making him the most honored Montana lineman in the past 40 seasons.

In his career Renning was mainly noted for his great defensive work, but
the 200-pound guard also was at his best leading the blocking on
Grizzly rushing plays. All in all, it was a tremendous three-season
career at Montana for Stan the Ram.

Dermisser Field, dedicated to Faul Dermisser, who was killed in the first World War, wasts in the early fall sun for selum) to start. The grass is unmarred, the stands empty as seen from Mt. Sentiale.

BASKETBALL

Despite a slow start. Montana's cage Grizzlies
came through with another fine season under the
guidance of veteran mentor Frosty Cox. The
Grizzlits relied on sophomores to a large
extent early in the season, and lost six in a row before
hitting the winning trail. With the yearlings being
supplemented by steady work on the part of three seniors,
the Montanans averaged 78 points a game
over the last half of the season and ended up with an
even 7-7 Skyline record.

GREEK LIFE AT MSU

There are six sororities and nine traternities at Montana State University. Each has a house of its own with a special brand of life. Greek life means firestdes, formals, pinnings, exchanges, serenades, and of course, rushing. There is a healthy competition between the houses and the greek world is better because of it.

DELTA SIGMA PHI

The new fraternity on campus moved into its house on 829 Gerald after two homeless years. As a legitimate fraternity, Delta Sig began the rounds of coffee hours and firesides. The dream girl was crowned at the Carnation Ball. They sponsored the blood drive, pointed to high grades, and held a hig open house in the spring to show off this new addition to Greek Row.

Winter quarter may have been quiet, but it proved very successful. Not only did they take top

honors in the grades, but they also grabbed a first with the Kappas in the snow sculpturing. Thus, once again they proved that the Phi Delt forte is more than just intramural abilities.

SCHOLARSHIPS

Once again, Montana State University had a fair share of the scholastic honors achieved by American college students. The list of awards at the annual Awards Convo was long and impressive. Scholarships and grants were the rewards attained by the scholastically elite. Pictured below is just a few of the outstanding minds found in our college community.

The University was represented in every field by outstanding students with noted achievements.

Doug Beighle won the Harvard Law School Fellowship. The Foresters passed out awards to five of their top students. Claudia Hooper received the Lehn and Fink award for the highest scholastic rank in pharmaceutical subjects. The Home Economics faculty award went to Ruth Ann Dwyer. Thomas Granbois won the Grizzly Cup in athletics. The Mortor Board Cup was won by Elma Knowlton. Thus, many finished the year with tangible evidence of their achievements.

FRESHMEN

The enthusiasm was a fever pitch as a new class invaded the campus and began to build the myth that would become the Class of 1962. They were one of the largest classes since post war days and the dormitories were hard put to find rooms for them all. The Orientation Week testing previewed the high academic abilities that they would attain. Each year a new class enters and another departs and one begins to realize as he notes all the new faces that the composition of a university is torever changing and bettering itself, as are these students pictured here.

It was hard to realize that two years had gone by so
fast. They had been years of
a great deal of achievement. We had proven ourselves and now
were to accept the mantle of authority as
the new campus leaders while those ahead of us worked
drearily to bring this unforgettable passage
of their lives to an end.

JUNIORS

By the Fall of 1958, the Class of 1960 was aware that this was their big year.

They had made it past those treacherous academic hazards

and were now ready to show that without them there would be no university.

SENIORS

Only a step from graduation, a new world opened to the Seniors. Their's was the life of "now or never". A close world of books, friends, academic fatigue, and college "daze" was soon to be left behind. The mark one would have to make in this world was beginning to mean a great deal to them. It's usually at this time that they realize how little they really know,

IN MEMORY OF

DR. ROY J. W. ELY

DR. ROY J. W. ELY

A tribute by the Rev. Deane W. Ferm

The University community was shocked and saddened on May 17 by the sudden, unexpected death of Dr. Roy J. W. Ely. He is survived by his wife, Lucille, and by his two children, Peggy and Dick 'a6. Dr. Ely joined the faculty of Montana State University in the fall of 1939 and three years later became acting chairman of the Department of Economics and Sociology. When this department was divided in 1947, he became chairman of the Department of Economics—a position which he held until his death.

Dr. Ely served his University and community devotedly in many ways. He was a fine scholar and teacher. He was a faithful member of the First Methodist Church of Missoula and chairman of its official board. For many years he was a member of the Board of Trustees of the School of Religion, serving for several years as president of the board. He was an active and honored leader of Masonic and Eastern Star organizations, doing much to further the support of religious influences in the state institutions of higher learning. He was chairman of the Chapel Committee planning for the construction of a Religious Center at the University. These are only a few of the service organizations which felt the impact of his concern.

Most of all Roy Ely was the kind of person who in his quiet and unobtrusive way generated a healthy, spiritual influence on all who came in contact with him. He knew that man does not live by bread alone—that within every man there is a spark of divinity. Those of us who were fortunate to know Dr. Ely—whether it be students, colleagues, or others—have had our lives enriched by his genuine concern for his fellow men. Here was one man who knew what the prophet Micah meant when he exclaimed: "What does the Lord require of thee, but to do justly, to love mercy, and to walk humbly with thy God,"
